

## Bug/Enhancement Reporting qa-automation-challenge

### Bugs:

Placeholder is a text in the field “Comments”, so I need to clear it before writing the comment

Comments:

Security error in filed “Attachment”, it shouldn't be possible to upload some kinds of fieles

Attachment:

Escolher arquivo

Postman-win64-8.2.3-Setup.exe

Button “Win a prize” only works if it’s clicked twice

See our products

Win a prize

### Enhancements:

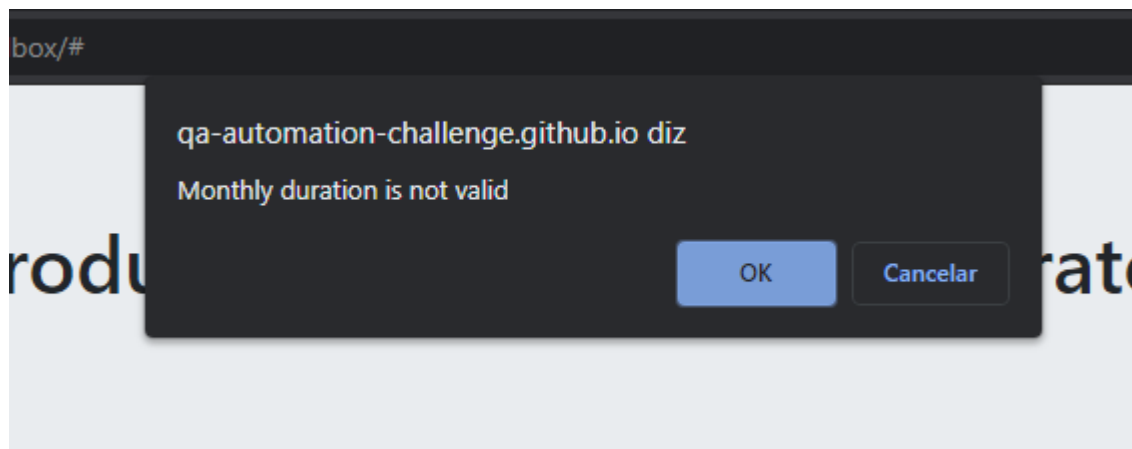

Missing limitation for number size in the field “Monthly duration”

Monthly duration:

▼

▲▼

Validation error displayed on js alert, for a better approach it should displayed inside the site

Field “Monthly duration” could be a dropdown aiming better UX

Select Month ▲

Select Month

- January
- February
- March
- April
- May
- June
- July

Field “Your comments” could have a better design aiming better UX
